

“Youth making a Difference”

The Taking Shape™ STAR leadership program is a youth leadership training course designed for children ages 10-18 who have a passion for serving as a leader in their community and beyond. Our mission is to grow young leaders who impact others Here, Near and Far. **Here** in our local communities, **Near** in our surrounding cities and **Far** in our world.

The Taking Shape™ STAR Leadership Curriculum is designed on 5 points of our icon; the star. The first unit is learning what a leader is and creating awareness of the servant leadership approach. The remaining units are broken into Trust, Serve, Love, Excellence and Growth.

This curriculum is designed as a monthly program taught from September - May.

Three ways to get involved;

1. An introduction to the program will be taught during our summer **S.T.E.P. training**. It is highly encouraged for our **Student Teacher Education Program (S.T.E.P.)** participants to also complete the STAR Leadership program.
2. This will be included in the **Pegasus Performance Team** training as we use our dance to reach communities, HERE, NEAR and FAR.
3. For any student between 10 and 18 interested in a youth leadership training program.

Cost - \$40 a month or \$135.00 for the year. **Discounts and Scholarships** available for current Pegasus students and members of the Performance Team and the Student Teacher Education Program (S.T.E.P.) For more information email jane@pegasusstudios.com

We have seen the benefits as we implement the **STAR leadership program** in our studio, and the ripple effect of impact that these young leaders have in our communities and our greater world. **The Taking Shape™ STAR** leadership program’s vision is a global movement of STAR leaders all around the world who impact others through the practice of our leadership program.
